

RELAMP and RELAX

HPS Lamp Sourcing and Recycling Program
Brought to you by Sustainable Terrains

Stop Losing Yields and Re-lamp With Confidence

- Yield and quality start dropping after 12-18 months
- An 8% drop in PPFD can mean a 30% loss in yield
- Get that First Crop Pop: ROI as short as one crop cycle

Contact Us Today to Get Started

- Wholesale Pricing on Premium HPS Brands
- Recycling Included
- US Stocked Inventory
- 10+ Years in Horticultural Lighting Expertise
- Certificates of Recycling

"In a single 100-light HPS room, we were coming up short 70 lbs per cycle due to worn-out HPS lamps **costing us \$500K** in lost revenue per year.

Re-lamping brought our yields and revenue back up."
